Especially for the Men

Stress and tension drift away with this relaxing men's package. Enjoy a full body sea salt polish and remineralizing shower, followed by a refreshing and purifying facial, ending off with a deep tissue massage.

Spa Ritual

Experience the best of both: we start with a foot cleanse ritual, then invigorate your skin with a specialised TheraVine facial and finish off with a relaxing full body massage.

2½ Hours **R1295**

Buttered Up

As fragrant nuggets of avocado & sheabutter begin to melt with the body's temperature, it is spread onto the skin by combining shiatsu point therapy with a soothing deep tissue massage, leaving you relaxed and your skin nourished.

1½ Hours **R845**

Sole Delight

Refresh your feet with a tangerine & juniper foot cleanse and a lavender salt scrub, followed by a rebalancing reflexology or a wellness foot and ankle massage.

The treatment is completed by a warm paraffin-wax foot mask and a nail varnish of your choice.

1½ Hours **R845**

African Wood Massage

Uniquely African this full body treatment starts with gentle stretching techniques and a drizzling of warm and hydrating olive & sheabutter. Absolute relaxation is then achieved with a deep tissue massage, alternating hands and swarhout dumbbells.

1½ Hours - **R845**

Back Revival

Relieve the tension of tired and sore back muscles with this invigorating treatment. A sea salt exfoliation is followed by warm body mud layered onto the entire back. Then a muscle-melt massage using menthol oils to revive tense muscles.
